

**University Faculty Senate
Communication Committee
Joe Marren
180th Fall Plenary at Binghamton University
October 18-20, 2018**

Committee Charge

The Committee will seek to implement and continually enhance methods of internal and external communication in order to disseminate news in a timely manner. Media techniques can include traditional press releases and social media platforms, as well as informal methods such as senator reports to local senates. The goal will be to inform our constituents across SUNY and, when applicable, news outlets, legislators and others about faculty and staff concerns and views on topical and continuing issues. The committee shall be made up of the vice president/secretary of the University Faculty Senate and a chair appointed by the UFS president. The president will also appoint others and that can include those with a theoretical insight, as well as those with the necessary talents and/or competencies in applied communication areas such as reporting, editing, photography, producing and other skills.

Summary of Committee Actions since Spring Plenary

Meeting with liaison, chair and UFS administrators and staff to redesign new UFS website

Agenda Items for 2018-2019

- See how COM can integrate/support other committees (e.g., Governance and Graduate)
- How to better use technology and social media to enhance UFS external communication
- Revise and re-invigorate The Bulletin
- Improve internal communication

Here is where we are at as far as projects:

a.) Tweak and upgrade the website (www.sunyufs.us) to make it easier to navigate and, thus, use for better internal communication.

b.) Begin research on other governance/system websites to see what ideas, best practices, etc., we can borrow.

c.) Begin to put our survey together that we can distribute via email ASAP, or in person at the January plenary.

d.) Continue to help copyedit the president's "Three Things," the post-plenary report, and help in other ways with any external communication.

We are focused more on crafting a plan for better internal communication rather than scattershot reaction to internal and external issues and topics. As such, we look forward to working with colleagues.

Our goal is to show senators and others "What's in it (UFS) for you?" So this year we need to concentrate on internal communication and building bridges with other committees.

Finally, we should be thinking of events/issues/programs/nuggets o'news on our campuses to help Gwen with Three Things. And we can also tweet our accomplishments.
