Agenda from the Fall Planning Meeting

Action items and description of the committee from the fall planning meeting.

- **Faculty Safety:** In the current climate, organizations like Turning Points. Org are intent on recording and identifying faculty through social media and watchlists. Consequently, we are concerned for the safety of our colleagues. We are particularly concerned for our BIPOC faculty, those who are teaching DEI-related content, DEISJ courses, and identify as members of underrepresented communities. We are also concerned for our non-tenured, adjunct, and Visiting Instructors who are not protected by tenure protections.
- **DEISJ Continued Support:** During the 2023-2024 AY, DEISJ Fellows were funded through SUNY Administration. This resolution in conjunction with FCCC President, Candice Vacin and Inaugural DEISJ Fellow, Milo Oburn, proposes that SUNY continue to 1) fund a small purposeful group of DEISJ Fellows to support the general education requirement, and 2) encourage funding and support across SUNY campuses for non-DEISJ ethnic studies programming.
- **DEISJ in the Curriculum-Phase II:** During the 2022-2023 AY, the EID Committee distributed a survey to SUNY Campuses about the DEISJ general education requirement and how comfortable faculty and staff felt implementing DEISJ in their disciplines. During the 2023 Diversity Conference, the data was presented. This subcommittee is reviewing and reanalyzing the data, specifically a qualitative examination of what factors contribute to effective teaching of DEISJ.
- **DEI across Campuses:** This subcommittee is focused on encouraging SUNY Campuses to establish criteria for CDOs and CDIOs across SUNY. Additionally, we encourage CDOs and CDIOs and their offices to develop anti-bias and anti-discrimination policies and procedures. This is especially crucial as faculty and staff from underrepresented communities continue to experience a lack of belonging across SUNY Campuses due to microaggressions, micro assaults, and harassment.
- **Health Disparities:** This subcommittee is committed to supporting the health sectors within SUNY System in access and opportunity. The group focuses on the holistic health and well-being of communities that surround our SUNY health systems. Additionally, the group seeks to spread community health care.
