**Summary of committee actions since previous plenary**

The committee is working on a resolution regarding ethics advisory boards on campuses for presentation at the winter plenary.

**Outcomes for consideration at the plenary**

Input on campus needs for ethics advisory bodies.

**Outcomes/queries for UFS Senators to share with their campus**

Have there been issues on campus where it would have been helpful to have a separate group discuss ethics approaches to resolve the issues? Would your campus be in support of having an advisory group, answering to the faculty governance, which provides advice on policy development, dispute resolution, etc.? The committee would be interested in knowing about any views on this topic.
